New Protective Travel Case for Iwata Custom Micron

No SKU Changes/Rolling Change

Iwata is introducing a new protective molded case for all Custom Micron airbrushes, designed to improve portability while protecting the precision tools professionals rely on.

NEW

CURRENT

WHAT'S NEW

- Re-engineered case for improved portability
- Lighter weight for easier travel
- Durable, secure case designed to protect
- Clean, modern design
- QR code for product info (warranty, owners manual & registration)

ROLLING CHANGE

- Current metal case will be phased out
- New case replaces it in production
- Item numbers remain the same
- No ordering changes required
- During the transition period customers may receive either case
